

Pharmacy Technician

INDUSTRY FACTS

What do pharmacy technicians do?

Pharmacy technicians play a crucial role in keeping a pharmacy running smoothly. They have excellent communication skills and the best of the best genuinely understand what it means to offer service with a smile.

Here's what a typical day or week might look like:

- Accurately and efficiently preparing prescription orders
- Verifying prescription information and dosage
- Entering patient and order information into the pharmacy system
- Processing and submitting insurance claims
- Providing quality customer service to patients and other healthcare providers

Where do they work?

Pharmacy technicians work in a number of settings that range from standard pharmacies and drugstores to hospitals and grocery

stores.* This variety provides pharm techs a lot more flexibility when working on a schedule that fits their individual lifestyle.

How much do they earn?

According to the U.S. Department of Labor, pharmacy technicians with formal training or national certification are in particularly high demand and often earn more than those without these qualifications. Specific pay rates vary by region, employer, and work setting; however, the U.S. Bureau of Labor Statistics reports that the median annual salary of professionals in the field is \$36,740.**

How's the job outlook?

Pharmacy technicians are in demand—in fact, job rates are expected to grow 5% over the next 10 years.*

*Bureau of Labor Statistics, U.S. Department of Labor. "Pharmacy Technicians." Occupational Outlook Handbook. Accessed March 23, 2023.

"I passed the Pharmacy Technician Certification Exam (PTCE) in November and started a new job at a locally owned pharmacy the first week of January! With my husband in the Army, I'm so grateful to have a 'mobile career' that is so rewarding and that I really enjoy."

NICOLE, CAREERSTEP LEARNER

Pharmacy Technician

PROGRAM DETAILS

Prepare For A Better Job

Train affordably without sacrificing quality. This program's comprehensive training was developed by industry professionals with years of experience – specifically designed to help you prepare for the Pharmacy Technician Certification Exam (PTCE) offered through the Pharmacy Technician Certification Board (PTCB) and the Exam for the Certification of Pharmacy Technicians (ExCPT) offered by the National Healthcareer Association (NHA).

Learn Your Way

With online training, you can absorb more knowledge and learn more skills—fast.

- Study on a schedule that fits your life
- Progress at a pace that matches your learning style
- Adjust the time and effort you devote to your coursework each day

Receive Coaching and Guidance

When you train with CareerStep, we back you every step of the way—from enrollment through course completion.

- Learner support
- Technical support
- Clinical externship support

Get Certified

We'll prepare you to take nationally recognized exams so you can explore greater opportunities in your area.

- **Pharmacy Technician Certification Board Exam (PTCE)**
- **Exam for the Certification of Pharmacy Technicians (ExCPT)**
